| MTTF                         | 146 years acc. to SN 29500 (Ed. 99) 40 °C |
| Approvals                    | CE, UL listed                             |

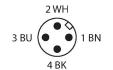

### **Features**

- Protection classes IP67 / IP69K
- Male M12 x 1, 5-pin
- Disabled: Red (COL 1)
- Enabled: No color
- Operating voltage 10...30 VDC
- Bipolar circuit
- ■NO contact

# Wiring diagram

## Functional principle

The K50 placement sensor is suitable for many mounting and component placement applications. LED light is reflected perfectly by the entire dome. The device has two display colors depending on the version: Color 1 Shows the disabled state, color 2 the enabled state. Since the device has no inputs, a color change is exclusively realized by touching the sensor (enable). Devices with a hold function keep the enabled state, even when the contact ends.
